Wrap-up— Face & Body Spa and Healthy Aging Conference & Expo

The Moscone North Convention Hall in San Francisco was the site for the Face & Body Spa and Healthy Aging Expo last fall. Held November 11-13, the event drew spa owners and manufacturers from all over and featured presentations from industry leaders Fredric Holzberger and Carol Phillips. Other education included "The Power of Image," by Roberta Hughes, Avidere, LLC; "Medical Spas: On the Forefront of Cosmetic Rejuvenation," by Diane York-Goldman, La Jolla Spa MD; "Procedure=Profits" by Rick Fesler, The Spa at Lake Chelan; and "Capturing the New Disposable Income: Tweens and Teens," by Bonnie Canavino, Spa Specifics, Inc. The show also included a business-building conference led by Bryan Durocher of Durocher Enterprises, and a medical esthetics conference.

Attendees and manufacturers from all over came to San Francisco's Moscone Center for the Face & Body show last November. (For more photos visit www.dayspamagazine.com.)
